

Parents, if you need help setting up or getting into your parent PowerSchool or Schoology accounts, please email me at skocher@nazarethasd.org.

Please include the K-4 building your child is in in your email so it is easier for me to retrieve information. If your child has a different last name from you, please include that with your child's first name.

Please email me using an email address you have on file in PowerSchool. I can't email information to an email address that is not on file under your child's parent information section in PowerSchool.

I will try to answer all emails regarding these accounts in 24 hours.

Please do not use Live Agent for any questions. It's not being manned during the summer.

Thank you for your patience and understanding!
