## Approved Snack List for 2021-2022 SY

Dear Shafer Parents,

Severe food allergies significantly impact many school aged children. Allergic reactions can be life threatening, and in some cases, even deadly. Shafer Elementary has many students that cope with severe food allergies on a daily basis. It is our belief to be proactive in our approach to ensure the safety and well-being of our students that have food allergies. Included below is an approved snack list that will be followed by all students and staff at Shafer Elementary School. The attached snack list has been approved as peanut, tree nut, dairy and egg free\*. The approved list will be monitored throughout the school year and any changes that are made to the list will be shared directly with parents via the Shafer Scoop and web page. For additional information regarding food allergies, please visit [snacksafely.com](http://snacksafely.com).

I sincerely appreciate your understanding and flexibility with the following of Shafer's snack list. It is necessary that we provide a safe, healthy and secure school environment for everyone that attends Shafer Elementary. Thank you for your continued support!

Respectfully,  
William Mudlock, Principal
