

**NAZARETH AREA SCHOOL DISTRICT**  
**WHAT TO DO IN CASE OF A WORK-RELATED INJURY**  
**EFFECTIVE JULY 1, 2022 THROUGH JUNE 30, 2023**

If you suffer a work-related injury, your health and wellbeing are our first concern. If the injury is of a serious nature and requires the assistance of an ambulance or rescue personnel, they should be contacted immediately. If the injury is of a less serious nature, the following procedures must be followed:

1. If you suffer a work-related injury, the first thing you **MUST** do is report the injury to your supervisor. To report your claim, call SDIC @ (800) 445-6965 or go online at [sdicwc.org](http://sdicwc.org) (click the "Report a Claim" button). You must also call **Deborah Sandt, Employee Benefits**, who will provide the SDIC packet to report your claim.
2. If you require a prescription for your work-related injury or disease, do not use your personal health plan prescription card. Please use the Mitchell International First Fill Sheet, which you will receive in the claim package. When you call in your report of injury to SDIC, they will assign you a claim number. Please use this claim number when seeing a panel physician.
3. If you suffer a work-related injury, **SDIC** will pay reasonable surgical and medical services and supplies, orthopedic appliances and prosthetics, including training in their use when needed. In order to insure that your medical treatment will be paid for by **SDIC**, you must select from one of the health-care providers listed below for your initial care:
