

K-3 Science

GRADE 2 SCIENCE

During Grade 2, students receive instruction on three units in science. One unit is completed in the area of Life Science-the Human Body, one unit in Earth Science-Weather, and one unit in Physical Science-Motion. Instruction is aligned to the Pennsylvania Academic Standards for Science and the Next Generation Science Standards.

By the end of Grade 2, students will:

Life Science—the Human Body

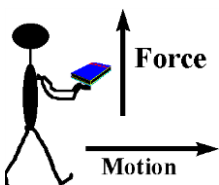

Recognize the body systems and their functions

Earth Science

Identify basic weather concepts and uses weather tools accurately

Physical Science

Describe how the motion of objects can be changed by forces
