

K-3 Science

GRADE 3 SCIENCE

During Grade 3, students receive instruction on three units in science. One unit is completed in the area of Life Science-Plants & Animals, one unit in Earth Science-Space, and one unit in Physical Science-Changes in Matter. Instruction is aligned to the Pennsylvania Academic Standards for Science and the Next Generation Science Standards.

By the end of Grade 3, students will:

Life Science—

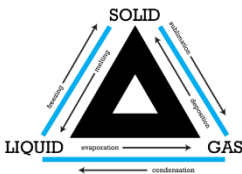

Identifies structures and functions of organisms

Earth Science

Recognizes relationships between Earth and other celestial objects

Physical Science

Demonstrates an understanding of various changes in matter
