

Inspection Written Summary

In January 2015 Dave Roberts of JMSI Environmental Corp completed a 6 Month Periodic Surveillance Inspection of ACM at the Lower Nazareth Elementary.

The inspection included a physical walk through of all areas known to contain ACM. The ACM was visually and physically inspected and its condition documented. The inspection failed to reveal any changes in material condition and no response action is required at this time.

Any questions relative to this inspection and report should be forwarded to Jeff J. Miller at JMSI (800) 828-1482.

Sincerely,
Jeff J. Miller
