

## What people are saying about the Family Engagement Series...

- Great job touching on many topics! Thanks for offering this Family Engagement series to families.
- The resources provided were excellent and can be great info for families. So many times parents don't know where to turn for assistance, accurate knowledge, etc.
- Parents most benefit from the forum as a place to receive information, network, and have the opportunity to ask questions.

*"The vision of the Nazareth Area School District Special Education Department is to develop each individual student with an exceptionality to attain the knowledge, skills and social/emotional attitudes to become a confident, independent self-advocate who is a contributing and productive citizen in our evolving, demanding and culturally diverse society through a collaborative partnership, family and community support, meaningful access to a rigorous curriculum, timely and effective interventions, data-driven decision making, local, state and federal resources and setting high expectations, and high supports."*

2024-2025

## Family Engagement Series

*Partnering with Families +  
Data Informed Decisions =  
Student Success!*
